Lodging Reservations

CiMSOweb offers online lodging reservations Services which provides a real time link between lodging establishments which use CiMSO INNkeeper software, travel wholesalers, channel managers and travellers.

Booking your travel over the Internet is part of your travel experience and CiMSOweb provides you with secure reservations and payment processing Services. Since reservation changes, cancellations and refunds are governed by the policies of each lodging establishment it is your responsibility to please check each establishment's policies carefully before you contract with them.

General guidelines in respect to cancellations:

The following are general guidelines to assist you in managing cancellations - each establishment you deal with will apply their own specific policies. When you make a booking on CiMSOweb your confirmation e-mail will specify the exact cancellation due date deadline before which you must cancel in order to avoid a cancellation penalty. Generally, the cancellation due date is at least 21 days prior to arrival at the establishment. The penalty charge is usually one night stay, unless otherwise specified on the confirmation email.

Your cancellation request must be submitted via e-mail or facsimile, prior to the due date noted on your confirmation, in which case you may be refunded up to 100% of the cost of your stay, less an administration fee. Refunds will normally be processed within 14 days of receiving the request. Late

cancellation requests will also be processed within 14 days, and any applicable penalty charge will be deducted from the amount refunded.

Failure to arrive at your lodging establishment will be treated as a late cancellation and will usually incur a minimum cancellation fee of one (1) room night per booking, unless otherwise specified in the confirmation email. Please notify the lodging establishment of your cancellation as soon as possible.

General guidelines in respect to shortened stay:

Shortened stay will be refunded directly by the establishment, usually net of any penalty charges. Some refunds may take several days due to the establishment's administration process. Please check the refund amount and period with the lodging establishment, prior to your departure.

Establishments may apply a penalty charge to a shortened stay at late notice. Please also note that shortening your stay during the high season, periods of high occupancy, during trade fairs and conventions, or failure to cancel your reservation prior to the due date noted on your confirmation may result in a penalty charge being imposed by the hotel. If a penalty charge is incurred, this will be deducted from the amount refunded. Any changes to your reservation must be made directly with the lodging establishment as soon as possible.

Should you experience any problems with cancellations or refunds, please contact us at our contact address listed at the end of this document.
